Letter from the President

Dear Friends and Supporters,

Welcome to the 52nd KCS Gala: Rooted to Rise—a celebration of our shared commitment to strengthening and uplifting our community. For over 50 years, Korean Community Services of Metropolitan New York (KCS) has been dedicated to providing essential services in healthcare, education, social services, and senior care. Tonight, we honor that legacy while looking ahead to a future of even greater impact.

This year marks an exciting milestone as KCS joins forces with the Korean Community Center (KCC) in New Jersey. This merger strengthens our ability to serve more families and expand essential services across state lines, ensuring a lasting impact for generations to come.

None of this would be possible without you—our friends, donors, and partners—who believe in our mission and empower us to grow. Your steadfast support fuels our work, enabling us to break barriers, foster integration, and build a stronger, more inclusive community.

On behalf of KCS, I extend my deepest gratitude for your generosity and trust. Thank you for being part of this journey.

Sincerely,

Myoungmi Kim

President & CEO

WASHINGTON, DC 20510

January 26, 2025

To the Korean Community Services of Metropolitan New York (KCS),

I want to extend my heartfelt greetings and appreciation to you all as you gather for the 52nd KCS Annual Gala and reflect upon your distinguished commitment to serving immigrant communities. Your work for over five decades has touched the lives of so many across New Jersey.

KCS has played a unique and profound role in the Korean immigrant and wider Asian community. As the son of immigrants whose parents came to America from Korea 50 years ago, I know first-hand the pivotal role our community has played across all sectors of life in the United States. The contributions made are not only as entrepreneurs, business owners, and leaders, but also as community organizers and public servants. The work you have done in strengthening the impact of the Korean immigrant community, as well as connecting people to their Korean heritage, is inspiring.

I am honored to be the first Asian American Senator to serve the state of New Jersey, and the only Korean American to serve in the United States Senate. I know my story isn't an outlier - it is a thread in the fabric of Korean Americans across this great nation, as I'm sure many in your organization can attest to.

Though I unfortunately could not be with all of you tonight, I hope you accept my warmest wishes. You are all so important to the story of Korean Americans across the nation, and I wish you lasting success in achieving your organization's mission.

Sincerely,

Dear Friends,

It is my honor to welcome everyone to this celebration marking 52 years of tireless advocacy in our immigrant communities on the part of the Korean Community Services of Metropolitan New York.

Founded in 1973, KCS is the oldest, and now the largest, nonprofit organization serving the Korean American community in the New York City area, including the amazing work they do on behalf of my own constituents in Flushing and Murray Hill. Over time, KCS has expanded its reach beyond the Korean American community, offering their critical services in Mandarin and Spanish, in addition to English and Korean, recognizing rich diversity of our great city.

I would be remiss if I didn't offer congratulations to tonight's deserving honorees, chef Edward Lee and Dr. Peter Jongho Na, true leaders in the Korea-American community.

On behalf of the New York City Council, please accept my sincere gratitude to Korean Community Services of Metropolitan New York on over a half-century of selfless work in our communities, and my wishes for many more years of success.

Dear Friends,

Greetings to everyone gathered to celebrate 52 amazing years of Korean Community Services of Metropolitan New York. I especially want to congratulate President and CEO, Myoungmi Kim, and the rest of the Board for their leadership as they continue the impactful work on behalf of New York's growing Korean and AAPI community.

As former President, KCS has a very special place in my heart. During the height of the pandemic, KCS stepped up to provide the essential services our communities needed in the time of crisis. Today, KCS continues to advocate for our communities through various efforts including older adult outreach, language access, and impactful work through its mental health clinic. I am proud of the work of KCS and I am privileged to continue to call this organization a community partner as we work collectively to uplift the lives of New Yorkers.

Please accept my well wishes and congratulations on 52 years!
